# Customized Laser Cutting Machine Components Thickness 0.5mm-20mm

## **Basic Information**

- Place of Origin:
- Brand Name: ywy
- Model Number:
- Minimum Order Quantity:
- Price: USD 3.88-32.88 1 Perch/Perches

ywy123

- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

• Supply Ability: 1000 Perch/Perches 10-15work days

## **Product Specification**

Lead Time:	7-15 Days
Application:	Machinery, Automotive, Electronics, Etc.
Shape:	Customized
Surface Treatment:	Polishing, Zinc Plating, Anodizing, Etc.
Color:	Customized
• Size:	Customized
Processing Method:	Laser Cutting
Package:	Carton, Wooden Case, Pallet, Etc.
Highlight:	Customized Laser Cutting Machine Components

#### **Product Description:**

Laser Cutting Parts is a kind of cutting process by using laser to cut and form parts with different shapes and sizes. The material used for Laser Cutting Parts can be Stainless Steel, Aluminum, Brass, Copper, etc., and the tolerance is ±0.1mm. Besides, various surface treatments like polishing, zinc plating, anodizing, etc. are available. The shape and the size of Laser Cutting Parts can be customized according to customer's requirement. Our Laser Cutting Sections, Laser Cut Components, and Laser Cutting Elements can be used for different industries, like automotive, aerospace, electronics, medical, etc. We can provide you with high quality Laser Cutting Parts with fast turnaround.

#### Features:

Product Name: Laser Cutting Parts Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc. Color: Customized Material: Stainless Steel, Aluminum, Brass, Copper, Etc. Tolerance: ±0.1mm Shape: Customized Keywords: Laser Cutting Pieces, Laser Cut Sections, Laser Cutting Sections

### **Technical Parameters:**

Parameter	Value
Processing Method	Laser Cutting
Application	Machinery, Automotive, Electronics, Etc.
MOQ	1 Piece
Package	Carton, Wooden Case, Pallet, Etc.
Color	Customized
Surface Treatment	Polishing, Zinc Plating, Anodizing, Etc.
Size	Customized
Shape	Customized
Material	Stainless Steel, Aluminum, Brass, Copper, Etc.
Tolerance	±0.1mm

#### **Applications:**

Ywy laser cutting parts are well known for their precise cutting and accurate measurements. These parts are used in a wide variety of applications, such as the manufacture of items, the creation of intricate designs, and the production of intricate parts for machines and equipment. With Ywy laser cutting parts, you can be sure that your product will have the highest quality and accuracy. Ywy laser cutting parts are made with a high-precision laser cutting machine, to ensure that the parts are accurately cut to the required size and shape. The parts can be customized to meet the exact specifications of the customer, with a tolerance of ±0.1mm, and thickness range from 0.5mm to 20mm. The parts are also available in different materials, such as stainless steel, aluminum, brass, and carbon steel. The MOQ of each order is 1 piece, and the lead time for orders is 7-15 days.

Ywy laser cutting parts are widely used in various industries, including aerospace, automotive, electronics, medical, and more. They are perfect for creating complex parts for machinery, as well as intricate designs for items such as jewelry. Additionally, these parts are great for creating intricate shapes, such as engravings, logos, and more. With Ywy laser cutting parts, you can create intricate pieces with precision and accuracy.

#### **Customization:**

Customized Laser Cutting Parts - ywy111

Brand Name: ywy Model Number: ywy111 Place of Origin: Guangdong, Huizhou Application: Machinery, Automotive, Electronics, Etc. Material: Stainless Steel, Aluminum, Brass, Copper, Etc. Package: Carton, Wooden Case, Pallet, Etc. Size: Customized Processing Method: Laser Cutting

We specialize in providing customized Laser Cut Components with superior quality and competitive prices. We have over 10 years of experience in the field and have been providing our customers with superior service and quality products. Our Laser Cutting Components are made from high-grade materials like stainless steel, aluminum, brass, copper, etc. We offer a variety of packages like carton, wooden case, pallet, etc. and the size can be customized according to your needs. Our experienced technicians use advanced laser cutting technology to produce the most precise components. We are a reliable Laser Cut Components Manufacturer that can provide excellent service and quality products. Contact us now for more information.

#### Support and Services:

We offer technical support and services for our Laser Cutting Parts. You can reach out to us with any questions, queries, or feedback at any time. Our team of experts is ready to help you find the best solution for your needs. We offer free consultations to answer any questions about our products and services. We also provide on-site services for installation and troubleshooting, as well as ongoing maintenance and repair services.
