

Annealing OEM ODM CNC Titanium Parts Tolerance $\pm 0.01\text{mm}$

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Processing Method: CNC Machining
- MOQ: 1 Piece
- Tolerance: $\pm 0.01\text{mm}$
- Inspection: 100% Inspection
- Application: Industrial, Medical, Aerospace, Etc.
- Heat Treatment: Annealing/Normalizing
- Material: Titanium
- Drawing Format: PDF/DWG/IGS/STP/X_T
- Highlight: **OEM CNC Titanium Parts,**
ODM CNC Titanium Parts

Product Description

Product Description:

CNC Titanium Parts offer a wide range of machined components and parts for the industrial sector. They specialize in CNC machining of titanium parts and components with surface treatment, polishing, and excellent tolerance of $\pm 0.01\text{mm}$. The CNC machined Titanium parts and components that are produced are ideal for a variety of industries such as medical, automotive, aerospace, and more. The CNC machining process ensures that each component is machined with precision and accuracy. CNC Titanium Parts also offer a variety of payment terms including T/T, Paypal, and Western Union. The packaging for the machined parts and components are carefully done in carton or wooden cases to make sure that each part remains secure and safe. CNC Titanium Machining Parts, Titanium Machined Components, and CNC Titanium Machining Components are just some of the services offered by CNC Titanium Parts. With their expertise in CNC machining, they provide quality machined parts and components for a variety of industries and applications.

Technical Parameters:

Parameter	Details
Material	Titanium
Packaging	Carton/Wooden Case
Payment Term	T/T, Paypal, Western Union
Service	OEM/ODM
Size	Customized
Tolerance	$\pm 0.01\text{mm}$
Inspection	100% Inspection
Drawing Format	PDF/DWG/IGS/STP/X_T
Heat Treatment	Annealing/Normalizing
Processing Method	CNC Machining

Applications:

ywy cnc505 CNC Titanium Parts are manufactured to the highest quality standards, with superior strength and precision. Our titanium CNC machining operations utilize the latest in CNC technology to produce the most accurate titanium components and machined parts. Our titanium parts are custom made to meet customer specifications, with a wide range of surface treatment options, including polishing. We accept various drawing formats such as PDF/DWG/IGS/STP/X_T, and offer OEM/ODM services. We have rigorous quality control procedures in place to ensure that our titanium parts meet the requirements of our customers. The packaging of our CNC titanium components is carried out with the utmost care, with carton or wooden case options. Our titanium machined parts are supplied from our production facility in Guangdong, Huizhou.

Customization:

We offer **CNC Titanium Parts** with OEM/ODM service, Brand Name **ywy**, Model Number **cnc505**, Place of Origin **Guangdonghuizhou**, Packaging **Carton/Wooden Case**, Tolerance **$\pm 0.01\text{mm}$** , Inspection **100% Inspection**, Application **Industrial, Medical, Aerospace, Etc.** Our titanium machined parts are widely used for **Titanium Machined Parts**, **CNC Titanium Machining Parts** and **Titanium CNC Parts**.

Support and Services:

CNC Titanium Parts Technical Support and Services

We provide comprehensive technical support and services for all of our CNC Titanium Parts products. Our team of experienced engineers and technicians are available to answer any questions you may have, and help you find the best CNC Titanium Parts solution for your application.

We offer a wide range of technical support services to ensure that your CNC Titanium Parts are functioning correctly and reliably. Our technical support staff is available 24/7 to answer your questions and provide troubleshooting assistance. We also offer on-site installation and maintenance services, as well as product training for technicians and operators.

At CNC Titanium Parts, we strive to provide the highest quality products and services to our customers. Our technical support team is dedicated to ensuring that your CNC Titanium Parts are functioning correctly and reliably. If you have any questions or concerns about your CNC Titanium Parts, please don't hesitate to reach out to us.

Packing and Shipping:

Packaging and Shipping for CNC Titanium Parts

CNC Titanium Parts are packaged in protective materials such as bubble wrap and foam to prevent any damage during shipping. The parts are then placed in a sturdy cardboard box to avoid any further damage. All packages are labeled with the customer's address and any special instructions.

CNC Titanium Parts are shipped via a reliable, reputable carrier such as UPS, FedEx, or USPS. Tracking information is provided to the customer so they can track their package and know when it will arrive. All packages are insured for the full value of the parts to protect against any damage or loss.
