- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc707

#### Product Specification

- Application: Furniture, Home Decoration, Etc.
- Material: Wood
- Surface Treatment: Painting, Polishing, Etc.
- Tolerance:  $\pm 0.1\text{mm}$
- Color: Customized
- Process: CNC
- Shape: Customized
- Size: Customized
- Highlight: Customized Furniture CNC Wood Parts,  
High Precision CNC Wood Parts,  
0.1mm Tolerance CNC Wood Parts

## Product Description

### Product Description:

Our CNC Wood Parts are created using advanced computer-controlled machinery, which allows for incredibly precise cuts and shapes. This means that you can trust our CNC Wood Components to fit perfectly into your woodworking projects, without the need for any additional modifications or adjustments.

At our company, we understand that every woodworking project is unique, which is why we offer fully customizable CNC Wood Parts. Whether you need a specific size, shape, or design, we can create the perfect Wooden CNC Parts for your needs. We also offer OEM/ODM services, so you can trust us to create CNC Wood Components that meet your exact specifications.

In addition to their precision and customizability, our CNC Wood Parts can also be treated with a range of surface treatments, including painting, polishing, and more. This allows you to create Wooden CNC Parts that perfectly match the look and feel of your woodworking project.

When it comes to packaging, we offer a range of options to ensure that your CNC Wood Components arrive safely and securely.

Whether you need them packed in a carton or on a wooden pallet, we can accommodate your needs.

Overall, our CNC Wood Parts are the perfect choice for any woodworking project that requires precision, customizability, and high-quality components. If you're looking for Wooden CNC Parts or CNC Wood Components that you can rely on, look no further than our selection!

### Applications:

Thanks to the CNC technology used in the manufacturing process, customers can expect a high level of accuracy with a tolerance of  $\pm 0.1$ mm. The CNC Wood Shapes produced by ywy are customizable in color and surface treatment, allowing customers to get the exact look they desire.

These CNC Wood Parts are suitable for a wide range of application occasions and scenarios. They can be used to create beautiful and intricate designs for furniture pieces, adding a touch of elegance and sophistication to any home. The cnc707 model is particularly suitable for creating small to medium-sized wooden parts, making it perfect for customized furniture pieces or home decor items. Homeowners who are looking to add a personal touch to their living spaces can use these CNC Wood Shapes to create unique and one-of-a-kind wall art, picture frames, and other decorative items. These parts can also be used by DIY enthusiasts to create their own furniture pieces from scratch.

The CNC Wood Parts from ywy are also perfect for commercial applications. Furniture manufacturers can use these parts to create high-quality, precision-cut furniture pieces that are sure to impress their customers. Interior designers can use these parts to create custom-built pieces for their clients' homes or businesses, adding a touch of elegance and sophistication to any space.

In conclusion, the CNC Wood Parts from ywy are versatile, customizable, and highly accurate. Whether you are a homeowner looking to add a personal touch to your living space or a commercial customer looking to create high-quality furniture pieces, the cnc707 model is the perfect solution. So why wait? Place your order today and experience the precision and quality of ywy's Wooden Machined Parts!

### Customization:
