

Customized Automotive Stamped Metal Parts with Variable Colors and Anodizing Surface

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc606

Product Specification

- Tolerance: $\pm 0.01\text{mm}$
- MOQ: 1000pcs
- Shape: Customized
- Application: Automotive, Electrical, Electronic, Industrial, Etc.
- Color: Customized
- Processing Method: CNC Stamping
- Surface Treatment: Polishing, Zinc Plating, Nickel Plating, Chrome Plating, Anodizing, Etc.
- OEM/ODM: Acceptable
- Highlight: **Automotive Stamped Metal Parts,
Variable Colors Stamped Metal Parts,
Anodizing Surface Stamped Metal Parts**

Product Description

Product Description:

With a minimum order quantity of 1000pcs, our CNC Stamping Parts are perfect for both small and large-scale production runs. We offer a variety of packaging options, including cartons, wooden cases, pallets, and more, to ensure that your order arrives at your facility in the best possible condition.

Our CNC Stamping Parts are available in a range of colors to meet your specific needs. We can customize your order to match your company's branding or any other requirements you may have.

We understand that it's essential to test our products before making a large-scale purchase. That's why we offer samples of our CNC Stamping Parts. You can test these components to ensure they meet your exact specifications before committing to a full order.

Our metal stamping services are second-to-none, and we take pride in delivering high-quality, precise components to our customers. We use the latest technology and equipment to ensure that our CNC Stamping Parts meet the highest standards of quality and reliability. Whether you need custom components for your automotive, electrical, electronic, or industrial applications, our CNC Stamping Parts are an excellent choice. Contact us today to learn more about our products and services.

Features:

Product Name: CNC Stamping Parts

MOQ: 1000pcs

Material: Stainless Steel, Carbon Steel, Aluminum, Copper, Brass, Etc.

Shape: Customized

Color: Customized

Sample: Available

Keywords: Sheet Metal Fabrication, Metal Stamping Services, Precision Sheet Metal Parts

Technical Parameters:

Tolerance	±0.01mm
Sample	Available
Surface Treatment	Polishing, Zinc Plating, Nickel Plating, Chrome Plating, Anodizing, Etc.
Color	Customized
Processing Method	CNC Stamping
OEM/ODM	Acceptable
Material	Stainless Steel, Carbon Steel, Aluminum, Copper, Brass, Etc.
Packaging	Carton, Wooden Case, Pallet, Etc.
MOQ	1000pcs
Application	Automotive, Electrical, Electronic, Industrial, Etc.

CNC Stamping Machines are used to produce Stamped Metal Parts through metal forming processes.

Applications:

The CNC606 model is designed with Computer Numeric Control Stamping technology, providing accurate and precise manufacturing capabilities. This makes it perfect for use in various industries, such as automotive, aerospace, electronics, and more.

The ywy CNC Stamping Parts are available in custom sizes and colors, making them ideal for various applications. Whether you require a specific shape or design, these parts can be tailored to your needs. Additionally, with the OEM/ODM policy, ywy can cater to customers' specific requirements.

These parts come well-packaged in cartons, wooden cases, pallets, and other forms of packaging, ensuring their safe delivery. The CNC606 Stamping Parts are versatile and can be used in different scenarios, ranging from small-scale projects to large-scale industrial applications.

Overall, the ywy CNC Stamping Parts are a reliable and cost-effective solution for sheet metal fabrication. With their durable construction, precision manufacturing, and customization options, these parts are an excellent choice for any project.

Customization:

Product Customization Services for CNC Stamping Parts:

Brand Name: ywy

Model Number: cnc606

Place of Origin: guangdonghuizhou

Packaging: Carton, Wooden Case, Pallet, Etc.

Size: Customized

MOQ: 1000pcs

OEM/ODM: Acceptable

Sample: Available

We offer product customization services for Computer Numeric Control (CNC) stamping parts. Our metal stamping processes are done using CNC stamping machines, ensuring precise and accurate results. Our products come in various sizes and are customizable to meet your specific needs. We accept OEM and ODM orders and have a minimum order quantity of 1000pcs. We also offer samples for your testing and approval. Our products are carefully packaged in cartons, wooden cases, pallets, and other options to ensure safe and secure delivery.

Support and Services:

Our CNC Stamping Parts product comes with comprehensive technical support and services to ensure that our customers get the best performance out of their purchase. Our team of experts is available to provide assistance with installation, configuration, and troubleshooting. We also offer regular maintenance and repair services to keep your CNC Stamping Parts in optimal condition. In addition, we provide training and education resources to help our customers learn how to use the product effectively. Our goal is to provide a seamless and hassle-free experience for our customers, so they can focus on their work with confidence.

Packing and Shipping:

Product Packaging:

All CNC stamping parts will be packed in sturdy cardboard boxes to ensure safe delivery.

Each part will be individually wrapped in bubble wrap to protect against scratches and damage during shipping.

Boxes will be labeled with product information and handling instructions for easy identification and proper care.

Shipping:

We ship our CNC stamping parts worldwide using reliable and trusted carriers.

Shipping costs will be calculated at checkout based on the destination and weight of the order.

Orders will be processed and shipped within 1-2 business days of payment confirmation.

Customers will receive a tracking number via email once their order has shipped.

FAQ:

Q: What is the brand name of this CNC Stamping Parts product?

A: The brand name of this product is **ywy**.

Q: What is the model number of this product?

A: The model number of this product is **cnc606**.

Q: Where is this product manufactured?

A: This product is manufactured in **Guangdong Huizhou**.

Q: What materials are used to make this CNC Stamping Parts product?

A: This product is made of high-quality materials that are durable and long-lasting. The exact materials used may vary depending on the specific part.

Q: What industries can benefit from using this product?

A: This CNC Stamping Parts product is versatile and can be used in a variety of industries, including automotive, aerospace, electronics, and more.
