

Precision CNC Machined Parts for Aerospace with PDF Drawing Format and UPS Delivery

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Packaging: Standard Export Carton Or Customized
- Lead Time: 7-15 Days
- Application: Automotive, Aerospace, Medical, Etc.
- Delivery Method: DHL, FedEx, UPS, Etc.
- Quality Control: 100% Inspection Before Shipment
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Highlight: **Precision CNC Machined Parts,
Aerospace CNC Machined Parts,
UPS Delivery CNC Machined Parts**

Product Description

Product Description:

Our CNC Machined Parts are produced using the latest CNC machining technology, including turning, milling, drilling, and more. With decades of experience in the industry, we have the expertise and equipment to produce high-quality CNC-manufactured components to meet your exact specifications.

One of the key advantages of our CNC Machined Parts is their customizability. We can produce CNC-machined components in a wide range of sizes, shapes, and materials, and we can tailor them to meet your specific needs. Our team of expert engineers will work with you to create a design that meets your requirements and optimize it for CNC machining to ensure the best possible results.

Another advantage of our CNC Machined Parts is their high level of quality control. We use a rigorous 100% inspection process to ensure that every component meets our exacting standards before it is shipped to you. This ensures that you receive CNC-manufactured components that are free of defects and perform reliably in your application.

In addition, we offer flexible MOQs and accept OEM/ODM orders. Whether you need a single CNC-machined component or a large batch, we can accommodate your needs. We are committed to providing our customers with the highest level of service and quality, and we work tirelessly to ensure that every order meets your satisfaction.

In summary, our CNC Machined Parts are the ideal solution for anyone looking for high-quality, custom CNC-manufactured components. With our expertise, state-of-the-art equipment, and commitment to quality, we can help you achieve your manufacturing goals and ensure that your components perform reliably and consistently.

Features:

Product Name: CNC Machined Parts

MOQ: 1 Piece

Surface Treatment: Anodizing, Plating, Painting, Etc.

Tolerance: $\pm 0.01\text{mm}$

Lead Time: 7-15 Days

Packaging: Standard Export Carton Or Customized

This product offers high-quality numerically-controlled machining parts, also known as Computerized Numerical Cutting parts.

Technical Parameters:

Technical Parameter	Description
Material	Aluminum, Steel, Brass, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Lead Time	7-15 Days
Application	Automotive, Aerospace, Medical, Etc.
Packaging	Standard Export Carton Or Customized
MOQ	1 Piece
Size	Customized
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Tolerance	$\pm 0.01\text{mm}$

CNC-manufactured components, Numerically-controlled machining parts, Computer-aided manufacturing parts

Applications:

Our yuanwenyu CNC Machined Parts are high-quality computerized numerical cutting parts that are perfect for a wide range of application occasions and scenarios. These computer-controlled machining parts are made from high-quality materials and are designed to provide superior performance and durability in even the most demanding applications.

Our CNC Machined Parts are perfect for a variety of different applications, including:

Automotive manufacturing

Aerospace engineering

Medical equipment manufacturing

Electronics manufacturing

Industrial equipment manufacturing

And much more!

Our CNC Machined Parts are available in the 1X893 model number or can be customized to meet your specific requirements. Our OEM parts are designed and manufactured to the highest industry standards and are made in Guangdong, China.

Our CNC Machined Parts are certified and have a minimum order quantity of 50 pieces. The price of our parts ranges from \$2.35 to \$12.68 per piece, depending on the quantity and customization requirements.

We package our CNC Machined Parts using EPE foam, anti-rust paper, stretch film, plastic bag, and cartons to ensure they arrive at their

destination in perfect condition. We offer fast delivery times, with a lead time of 7-15 days, and we use reliable delivery methods such as DHL, FedEx, and UPS.

Our CNC Machined Parts are processed using CNC machining, turning, milling, and other precision manufacturing methods. We use high-tech equipment and tools to ensure the highest level of accuracy and precision in our parts.

We offer 100% inspection before shipment to ensure that our CNC Machined Parts meet the highest quality standards. We accept a variety of drawing formats, including PDF, DWG, IGS, STEP, and more, to ensure that our parts meet our customers' unique requirements.

At yuanwenyu, we have a supply ability of 1000000 Piece/Pieces per Month, ensuring that we can meet the needs of our customers, no matter how big or small their project may be. We accept a variety of payment terms to make ordering our CNC Machined Parts as easy and convenient as possible.

Customization:

Support and Services:

Our CNC Machined Parts product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts is available to provide assistance with installation, operation, and maintenance of the product. We also offer training services to help users maximize the potential of the product.

In addition, we provide repair and replacement services for any parts or components that may become damaged or worn over time. Our technicians are skilled in troubleshooting and diagnosing issues to provide prompt and effective solutions.

For clients with unique or specialized needs, we offer customized solutions and can work with you to develop a tailored product that meets your specific requirements. Our commitment to quality and customer satisfaction is second to none.

Packing and Shipping:

Product Packaging:

Our CNC machined parts are packaged with care to ensure safe delivery to our customers. Each piece is individually wrapped in bubble wrap and placed in a sturdy cardboard box. We also include foam padding to prevent any movement during shipping and to provide extra protection against any potential damage.

Product Shipping:

We offer shipping worldwide for our CNC machined parts. Our shipping options include standard ground shipping, expedited shipping, and overnight shipping. Shipping costs will vary depending on the destination and the selected shipping method. Once your order is shipped, we will provide you with a tracking number to monitor the delivery of your package.

FAQ:

Q1: What is the brand name of the CNC Machined Parts?

A1: The brand name of the CNC Machined Parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC Machined Parts?

A2: The minimum order quantity for the CNC Machined Parts is 50 pieces.

Q3: What is the price range for the CNC Machined Parts?

A3: The price range for the CNC Machined Parts is \$2.35 - \$12.68/piece.

Q4: What is the packaging detail for the CNC Machined Parts?

A4: The packaging detail for the CNC Machined Parts includes EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag + Carton.

Q5: What is the delivery time for the CNC Machined Parts?

A5: The delivery time for the CNC Machined Parts is 1 week.
