

## Automotive Aerospace Medical CNC Machined Parts With Anodizing Plating Painting Surface Treatment

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

#### Product Specification

- Surface Treatment: Anodizing, Plating, Painting, Etc.
- MOQ: 1 Piece
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Packaging: Standard Export Carton Or Customized
- Delivery Method: DHL, FedEx, UPS, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Quality Control: 100% Inspection Before Shipment
- OEM/ODM: Acceptable
- Highlight: **Medical CNC Machined Parts,**  
**Aerospace CNC Machined Parts,**  
**Automotive CNC Machined Parts**

## Product Description

### Product Description:

Our team of skilled machinists utilizes the latest computerized machining technology to produce precision parts that meet your exact specifications. Whether you need computer-aided manufacturing parts for automotive, aerospace, medical, or other industries, we have the expertise and equipment to deliver.

When it comes to surface treatment, we offer a range of options including anodizing, plating, painting, and more. This ensures that your parts not only meet your functional requirements, but also look great and resist wear and tear over time.

And when your parts are ready, we offer flexible delivery options to meet your needs. Choose from DHL, FedEx, UPS, and other carriers to get your parts to you quickly and reliably.

When it comes to packaging, we offer both a standard export carton option as well as customized packaging to meet your specific needs. We understand that your parts need to arrive in perfect condition, and we take every precaution to ensure that happens.

Our lead time is typically 7-15 days, depending on the complexity of your parts and our current workload. But rest assured that we work quickly and efficiently to get your parts to you as soon as possible.

### Features:

**Product Name:** CNC Machined Parts

**Drawing Format:** PDF, DWG, IGS, STEP, Etc.

**Tolerance:**  $\pm 0.01\text{mm}$

**Material:** Aluminum, Steel, Brass, Etc.

**Delivery Method:** DHL, FedEx, UPS, Etc.

**Quality Control:** 100% Inspection Before Shipment

**Keywords:** Numerically-controlled machining parts, Computerized Numerical Cutting parts, Precision machined parts

### Technical Parameters:

Processing Method	CNC Machining, Turning, Milling, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
OEM/ODM	Acceptable
Lead Time	7-15 Days
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Quality Control	100% Inspection Before Shipment
Material	Aluminum, Steel, Brass, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Size	Customized

Our CNC-manufactured components, computer-aided manufacturing parts, and precision machined parts are made to your exact specifications. We offer a variety of surface treatments and materials to meet your needs. We accept OEM/ODM orders and can deliver via DHL, FedEx, UPS, and more. Our quality control team inspects all parts before shipment to ensure your satisfaction. We accept drawing formats such as PDF, DWG, IGS, STEP, and more.

### Applications:

Yuanwenyu is a leading manufacturer of precision CNC machined parts in Guangdong, China. Our model number 1X893 and OEM parts have a tolerance of  $\pm 0.01\text{mm}$ , ensuring precision and accuracy for all applications. Our CNC-machined components are suitable for a wide range of industries, including automotive, aerospace, medical, and more.

Our parts are certified and have a minimum order quantity of 50 pieces, with prices ranging from \$2.35 to \$12.68 per piece. We package our products using EPE foam, anti-rust paper, stretch film, plastic bags, and cartons, ensuring safe delivery to our customers. We have a supply ability of 1000000 pieces per month, with a delivery time of 1.

Our precision machined parts are suitable for various application occasions and scenarios. In the automotive industry, our CNC-machined components are used in engines, transmissions, and suspension systems. In aerospace, our numerically-controlled machining parts are used in aircraft engines, landing gear, and control systems. In medical applications, our precision machined parts are used in surgical instruments, prosthetics, and implants, ensuring accuracy and reliability.

At Yuanwenyu, we accept OEM and ODM orders, and our parts come in various drawing formats, including PDF, DWG, IGS, STEP, and more. We package our products using standard export cartons or customized packaging, ensuring customer satisfaction.

### Customization:

Our yuanwenyu brand offers customizable CNC-machined components with model numbers 1X893 and OEM. These parts are made in Guangdong, China and have a certification. The minimum order quantity for these Computer-Numerically-Controlled parts is 50 pieces at a price range of \$2.35 - \$12.68 per piece. The packaging details include EPE foam, anti-rust paper, stretch film, plastic bag, and a carton. The delivery time is 1 and we accept various payment terms. Our supply ability is 1000000 piece/pieces per month. Additionally, we offer the flexibility to customize the packaging and surface treatment to your preference. We use different processing methods including CNC machining, turning, milling, etc. and accept different drawing formats such as PDF, DWG, IGS, STEP, etc. We even offer the option to order as little as 1 piece.

### Support and Services:

Our CNC Machined Parts product is backed by comprehensive technical support and services to ensure optimal performance and productivity for our customers. Our team of experienced technicians is available to provide remote and on-site assistance with installation, maintenance, and troubleshooting. We also offer customized training to help operators maximize the efficiency and accuracy of our CNC Machined Parts. In addition, we provide regular software updates and upgrades to ensure that our product remains compatible with the latest technologies and industry standards. Our commitment to customer satisfaction is reflected in our reliable and responsive technical support and services.

### Packing and Shipping:

Product Packaging:

Our CNC machined parts are carefully packaged to ensure they arrive to you in perfect condition. Each part is wrapped in protective material and then placed in a sturdy cardboard box. The box is then sealed securely to prevent any damage during shipping.

Shipping:

We offer a variety of shipping options to meet your needs. Standard shipping usually takes 5-7 business days for delivery within the United States, but expedited shipping options are also available. International shipping is also available, but delivery times may vary depending on the destination country.

### FAQ:

**Q1: What is the brand name of the CNC machined parts?**

A1: The brand name of our CNC machined parts is yuanwenyu.

**Q2: What is the minimum order quantity for CNC machined parts?**

A2: The minimum order quantity for our CNC machined parts is 50 pieces.

**Q3: Where are these CNC machined parts made?**

A3: Our CNC machined parts are made in Guangdong, China.

**Q4: What is the delivery time for the CNC machined parts?**

A4: The delivery time for our CNC machined parts is 1 week.

**Q5: What is the supply ability for these CNC machined parts?**

A5: Our supply ability for these CNC machined parts is 1,000,000 pieces per month.
